VOLUME LVI — UKIAH CITY, MENDOCINO COUNTY, CAL., FRIDAY, JUNE 27, 1924 — NUMBER 39

ODD FELLOWS DRILL WAS BEAUTIFUL SIGHT

One of the most beautifol spectacles ever seen on the streets of Ukiah was the flag drill last Saturday evening by the visiting members of the Scotia club, an organization composed of the members of various Odd Fellows lodges in southern Humboldt county. The street had been roped off in front of the courthouse to accommodate the drill team, and a crowd of several hundred people lined the square thus formed to view the drill. Tom McKay, a former well known resident of Mendocino county, was the flag bearer.

The evolutions of the marching columns were very numerous and some very complex, but they were carried out with a precision that spoke long and arduous drill. The team was warmly applauded when it completed the program.

The visiting Odd Fellows were given a supper at the Christian church Saturday evening about 6 o'clock. After the flag drill they carried out the conferring of degrees at the school auditorium. Another supper was served at midnight at Odd Fellows hall, where the ladies had been entertained by local Rebekahs during the time the Odd Fellows had been conferring the degrees at the auditorium.

The gathering included Odd Fellows and Rebekahs from all over Mendocino, Humboldt and Lake counties.

SCHOOL TRUSTEES MAKE STATEMENT TO PATRONS

Explanation Made of Reason for Dropping of Two Teachers from Force

Considerable comment has been aroused about town on account of the proposal to drop two of the teachers from the faculty of the elementary school. Various rumors have arisen, one of which is that the money is to be devoted to buying more equipment for the playground.

Dr. Van Allen, president of the board of trustees when interviewed by the Dispatch-Democrat yesterday stated that there was no foundation for this rumor.

"The facts are," said Van Allen, "that the moneys apportioned for paying salaries of teachers only, have never been sufficient to pay the salaries and we have been obliged to use the special fund to meet the salaries.

"As to dropping two teachers it is done in this way. We last year had one teacher for the opportunity class. We find that there was only a very few who really required this teaching. Then others were added who had been out of school or were backward in their work for some cause. Now the teachers who are through teaching at two P. M. take these pupils for the balance of the afternoon and the same work can be done without the extra teacher.

"In the fourth grade we will have a very large class. In the morning there will be two teachers dividing the heavier subjects. In the afternoon in the lighter subjects one teacher can take the entire class. The other teacher will take the fifth grade in the afternoon and the principal will take the fifth grade in the morning. In this way we are able to eliminate another teacher. So we are increasing the salaries of the other teachers with these funds. We will still have to draw on the special fund to pay the full salaries, but to less an extent than last year. This, with a dropping of other expenses necessary last year but not this year, we are hoping will enable us to markedly reduce the tax rate this year."

FREE COOKING SCHOOL AT HOFMAN'S MONDAY

A free cooking school will open at the C. Hofman Co. department store next Monday and will be continued there for three days—Monday, Tuesday and Wednesday. The instructress will be Mrs. M. Burke, representative of the Johnson Locke Mercantile Co., of San Francisco, distributors for the Corn Products Co., of New York. Mrs. Burke will give lectures on a variety of subjects related to good cooking and will demonstrate also the line she represents. A free package of Linit starch, something new in starch, will be given to every lady attending.

The ladies of the St. John's M. E. Church were given a lecture and a demonstration by Mrs. Burke one afternoon this week.

Mrs. Burke will use a New Perfection oil stove, kindly loaned for her purposes by the Cox Hardware Co.

The course is to be absolutely free and all interested ladies are cordially invited to attend.

"OPEN ROAD" CARAVAN WELL RECEIVED HERE

Members of San Francisco Motor Car Dealers Association and Kindred Organizations Express Pleasure

The motor caravan touring the Redwood highway under the auspices of the Motor Car Dealers Association and kindred organizations of San Francisco reached Ukiah during the noon hour last Friday, its members being greeted by a large delegation of Ukiah people and welcomed warmly to our city. The caravan took lunch here and during their stay were presented with small boxes of the famous LaCima cherries from the Gould ranch south of town. In the meantime gas, oil and air service had been provided for their cars as they stood parked on the streets, and when the visitors had finished lunch everything was prepared for their speedy departure.

They left amid many hearty good wishes.

In the evening, at Richardson grove, near Garberville, where they stopped for the night, splendid entertainment had been provided for them, the special features being an exhibition of native Indian dances put on by Round valley Indians obtained for the occasion through the efforts of Wm. Ornbaun. The novelty of the affair appealed very strongly to the city people, most of whom never before had seen anything of the sort.

The visitors expressed themselves as delighted with the beauties of the north of the bay section, but some were heard to deplore the rotten deal we up this way have received in the way of a "highway," especially from Cloverdale north. "You folks have certainly had the little end handed to you," one visitor told the Dispatch-Democrat. "The portion of the Redwood highway through Mendocino county would not pass for a sheep trail in the southern part of the state."

Nevertheless they enjoyed the trip, and it is possible that much good may come of it in the way of substantial highway construction through this section, in the near future, as many of the visitors are very close to the powers that have the highway program under their direction.

JEFFERSON CLUB TO MEET UKIAH BALL TEAM SUNDAY

The Jefferson Club baseball team of San Francisco will play the Ukiah team on the Ukiah diamond next Sunday.

The Jeffersons and the Ukiah team are well matched and a close game may be expected if both teams play the same sort of baseball they have played hitherto.

BUY PRESS BUILDING

The building occupied for years by the Republican Press, and owned by Pat Connolly and S. L. Rea, was sold this week to the new title insurance firm. The front and interior will be remodeled and the place put in up-to-date condition.

It will house the company and its force and the county surveyor.

This will leave the building formerly occupied by the two abstract offices vacant. The two stores will probably be remodeled by Mrs. Smith, their owner.

The deal gave rise to a rumor that the Republican Press had been sold, which was denied by its editor, A. R. O'Brien, in an interview yesterday.

THREE QUALIFY FOR EX

Three out of seven qualified for the teachers' examination held by the board of education in this city the past week. The three passed successfully the examinations in arithmetic, grammar and spelling, which were held the first day and which are essential to qualify.

The successful ones are Miss Christine Burke and Leo Sanders, both of Boonville, and Charlotte Hover, of Cloverdale.

Others taking the examination were Elsie Knivila, Philo; Mrs. Helen Saylor, Caspar; Miss Thelma Storer, Ukiah; Beatrice Turner, Folsom City.

COAST COUPLE WED

Donald Frazier and Mary Schaefer, both of Fort Bragg, were married at the Christian church parsonage Tuesday morning. They left on the noon train for the city and after their honeymoon will be at home to their friends in San Jose, where Mr. Frazier has work as a machinist.

WED IN SAN FRANCISCO

Miss Ellen Colberg, daughter of Mrs. C. A. Colberg, of Fort Bragg, was married in San Francisco recently to Abel Jackson. They will make their home in Fort Bragg, where the groom holds a position with the Union Lumber Co.

SECOND AUTO MISHAP ON DARK GULCH GRADE

The Dark Gulch grade, about a mile north of Albion, where Dr. Dyberg and party of this city went over the bank several weeks ago while passing another car, was the scene of a second similar accident the latter part of last week, when Rudloph Costellic, en route to Albion in a Chevrolet roadster, was crowded off the grade by a car driven by Frank Kuhn, of Corning. Costellic had driven out to the extreme edge of the road and stopped to permit Kuhn to pass. The latter, it is stated, came down the grade at a fast clip, and when he put on his brakes to pass Costellic his machine skidded into the latter. Costellic's car rolled off the bank to the bottom of the gulch. Costellic was thrown clear, but was somewhat cut and bruised. The accident occurred at almost the same spot where Dyberg went over.

MARRIES EUREKA GIRL

Robert Moore, of Fort Bragg, and Miss Catherine Jewett, of Eureka, were married in Redwood City on June 18. The groom holds a position with the Union Lumber Co. and the Fort Bragg railroad company as an electric welder, and the couple will make their home at Fort Bragg. The bride is the daughter of Mr. and Mrs. A. N. Jewett, Mr. Jewett being the owner of a large printing plant in Eureka. Mrs. Moore taught last year near Fort Bragg.

PAST NINE YEARS SHOW PROGRESSIVE DRYING-UP

Dr. McCowen Calls Attention to Interesting Phenomen Regarding Rainfall

Dr. George McCowen of this city, who for over forty years has kept a record of the rainfall here, stated to the Dispatch-Democrat yesterday that the record of precipitation for the past nine years shows that we are 81 inches behind what we should have had in that period.

During only one year of the nine has it been up to the average, which is about 36 inches.

This would seem to indicate a progressive drying-up of our climate to a certain extent. Former winters brought all the way from thirty to forty-five or fifty inches of rainfall each year. But the year 1915 marked a big decrease in the amount of precipitation and we have never had but one old-time winter since. Instead, we have long cold, dry spells through January and February and sometimes up into March.

Some attribute the change to the cutting off of the timber, while others, probably with more scientific basis for their reasoning, believe that it is due to a shifting of the ocean currents of the Pacific, which washes our shore, and which furnishes us our moisture.

At any rate if the situation gets any worse, it will mean that our ranchers will have to resort to irrigation on a very large scale. It was once our boast that we had never had a crop failure for lack of rainfall. With only 16.43 inches for this season, we are almost ready to revise our statement, as what we had barely pulled us through.

MISS VIOLET WILLIAMS WEDS HERE WEDNESDAY

Miss Violet Williams, daughter of Mr. and Mrs. T. J. Williams of this city, was married last Wednesday morning to Benjamin Stump, a well known rancher of the Comptche section. The ceremony was performed at St. John's M. E. Church by Rev. J. H. N. Williams, of Santa Cruz, an uncle of the bride, assisted by Rev. Beecher B. Conner, pastor of St. John's church.

Following the marriage ceremony the assemblage repaired to the home of the bride's parents, where a wedding breakfast was served, after which the happy couple departed amid the best wishes of their friends on the afternoon train to San Francisco en route to Seattle, for their bridal trip.

The bride is deservedly popular among a large circle of friends here, where she has grown to womanhood. She is a graduate of the local schools and of the San Francisco teachers' college. She has been teaching at Comptche for the past year. Mr. Stump is a young man of sterling worth and of industrious habits, and ranks high in the esteem of all who know him.

They will make their home at Comptche on their return from the north.

Mrs. L. H. Dunham and family of Oakland, and Mrs. J. E. Gibson and family of Mill valley, were guests at the Wm. Heryford home here last week end.

PT. ARENA AND LAKEPORT INVITE TO CELEBRATIONS

Pt. Arena and Lakeport are issuing hearty invitations to Ukiah to visit their communities and participate with them in their Fourth of July celebrations next Friday. Both assure visitors of a hearty welcome and a good time.

Lakeport is offering a parade, barbecue, baseball game, fireworks on the lake in the evening, a passenger-carrying seaplane, and, of course the usual band concerts and grand ball.

Point Arena promises a real old-time celebration with dances, baseball, parade, growlers, vaudeville, horseraces, Indian dances and street carnival, to mention nothing of the cool seabreezes, and the trout fishing, the season opening on the first of July.

As Ukiah has nothing of her own on the Fourth, a large number of our townspeople doubtless will hie them to one or the other of the two places.

DON KELLER WEDS

Donald Keller, son of G. A. Keller of this city, was married at Reedley on June 18, to Miss Beryl Bollinger of that city. They will make their home at Reedley.

Ukiah friends of the groom extend hearty felicitations.

Joe Marks and wife, former well known residents of Ukiah, were here the latter part of last week for a visit with Jack Holliday. They also visited at the Everett Holliday home.

FIRE EMPHASIZES NEED FOR BACKYARD CLEANUP

Dangerous Blaze Wednesday Imperils Main Portion of Business Section

The heart of Ukiah's business section was imperilled Wednesday by a fire which broke out in a pile of empty crates and boxes and other trash in the rear of the Greek grocery store adjoining the Palace hotel. The blaze started from a small fire set to destroy some trash near the pile. When the fire spread out it speedily gained headway and in a few moments the flames were shooting up the side of the hotel clear to the top of the third story. By good luck there was only one window in the path of the blaze and this on the top floor. It was open at the time and the fire was sucked into the room, setting the curtains and window frame ablaze. They were put out by one of the hotel employees before they had more than got started. In the meantime the fire department had arrived and put the fire out with the chemical. Had the fire gained entrance to the hotel the high wind blowing at the time would have given the fire department a very difficult job.

The fire drives home again the lessen so often urged on the townspeople by the fire department of the necessity for a cleanup of backyards, especially in the business section. There are business people who have been warned again and again but who have neglected to heed the warning. A city ordinance covers the situation and should be drastically enforced.

Inventory has been filed in the August Samuelson estate, showing real and personal property valued at $1500.

SERIES OF BURGLARIES ROUSE LOCAL OFFICIALS

Four Places Entered and One Robbed Is Record of Past Week for Some Unidentified Criminal

Four places in town were entered the past week and one, the home of Mr. and Mrs. E. B. Gibson, was burglarized, the thief or thieves getting away with $13 in money, a suit of clothes and various small effects, including a valuable gold watch and chain.

In addition to the Gibson home the following places were entered: The office of the Dispatch-Democrat, the Redmen's hall and the home of Mr. and Mrs. Benson Edwards. Whether anything of value was stolen from the first two is not known, as it would be difficult to discover. Nothing was taken from the Edwards home as the burglars were scared away by the neighbors before anything could be taken.

The Gibson home was entered last Friday night. Mrs. Gibson heard the intruders but paid no attention to the noise. The thieves got way with Mr. Gibson's keys among other things and he was forced to hire a mechanic to drill into the money box in his safe the next morning in order to find out whether they had not gone from the house to the store and robbed the safe. They had not done so, as he discovered after opening the money drawer, but forty-one dollars in currency in the cash box was destroyed by the mechanic's torch in his efforts to open the box. The keys subsequently were recovered near the Episcopal church. A fountain pen and some papers belonging to him were also found near the Episcopal church.

The Dispatch-Democrat and the Redmen's hall were opened in each case by the burglars prying off the strip which stops the door and then inserting a thin blade of steel between the catch of the lock and the door frame and prying the catch back.

The Edwards home was entered by two men. One was an old man whom Mrs. Edwards gave a meal to during the day last Saturday. He evinced a desire to work in payment and she sent him down to the butcher shop where her husband works.

MOTOR SHIP SINKS OFF MENDOCINO CITY

The motor ship, Mary Hanlon, loaded with a cargo of railroad iron and 5000 ties consigned to Portland, Oregon, sank off Mendocino City at about three o'clock Wednesday morning. The captain and the crew of seventeen took to the boats and made shore safely at Albion.

The vessel had loaded the railroad ties at Albion Monday and had put to sea Tuesday evening. Seams opening in her hull were responsible for her sinking.

LOSES VALUABLE HORSE

Bert Thurston, well known electrician of this city, lost his valuable bay horse, Prince, the latter part of last week. The animal was dragging a scraper where Thurston has a contract to dig a well on the Adams place at the Forks of the Boonville road and the state highway. He became mired in some mud that had been scraped into a pile, and in extricating himself strained himself internally. Nothing could be done to help him and he died Friday evening, about twenty hours after he was taken home.

Thurston had refused $300 for him a few days previously.

ARRESTED UNDER FIRE LAW

Andrew Wilson and Secondo Boero came under the shadow of the law prohibiting setting fires and blasting without permission of the fire warden the latter part of last week. Wilson was arrested for setting off blasts and Boero for setting brush fires on his place. Both men were sentenced to 30 days in jail and the sentences suspended by Judge Busch.

MARRIAGE LICENSES

Marriage licenses were issued to the following couples the past week: Starvros Stamatios, 28, and Blanche Conner, 17, both of Glen Blair; Albert Douglass, 27, Zenia, Oregon, and Ethel Rose Offield, 27, Portland, Oregon; Donald Frazer, 46, and Mary Schaefer, 46, both of Fort Bragg; Benjamin Stump, 26, Comptche, and Violet A. Williams, 23, Ukiah.

FORT BRAGG COUPLES WED

Oscar Niemi and Miss Elizabeth Kivi, of Fort Bragg, were married in San Francisco last week. They will make their home in Fort Bragg following their wedding trip.

Miss Myra Savage and Forrest Gibbs, also of Fort Bragg, were married in Martinez recently.

REDMEN GATHERED FOR POW-WOW HERE SUNDAY

The members of Yokayo tribe of Redmen and the local Degree of Pocahontas did themselves proud last Sunday at their barbecue in the grove, where they entertained some three hundred members of the two orders.

On Saturday evening the Past Sachems Association of the north of the bay counties assembled here and held a meeting at the Legion hall. A degree team representing the San Rafael, Santa Rosa and Petaluma lodges put on the initiatory degree, adopting a large class of palefaces, after which the business session of the association was held.

The barbecue Sunday morning was the big event of the meeting. It was under the general direction of J. H. Holtze, and both he and his able corps of assistants deserve much credit for the splennid manner in which it was conducted. James R. Elder acted as toastmaster and Mayor George P. Anderson delivered the address of weliome.

A tournament of "barnyard golf" was held at which Santa Rosa defeated the local team of horseshoe pitchers.

The meeting was one of the most successful the Past Sachems Association has held.

UNDER SURGEON'S KNIFE

Walter, the son of Mr. and Mrs. J. D. Metzler, of Hopland, underwent an operation for appendicitis the latter part of last week. He is doing well.

SHERIFF PUTS LOCK ON 20,000 GALLONS OF WINE

Garzini Place In Coyote Valley Visited By Officials. May Go to Federal Court

Sheriff Byrnes and Deputy Sheriff Weger the first of the week visited the Garzini place in Coyote valley section, better known as "Vinegar Hill," and placed a lock on the winery, containing about 20,000 gallons of wine, all of which probably will be confiscated. The sheriff claims that Garzini has been one of the most flagrant offenders against the bootleg law of anyone in this neighborhood. It is stated that several counts against him have been presented to the grand jury and that he will be placed under arrest as soon as the indictment has been returned.

Byrnes intimated that he may turn the booze over to the federal authorities for prosecution.

It is also stated that Garzini was 1500 gallons of wine short when measured up by a government agent a short time ago.

SURVEYOR GENERAL HERE

State Surveyor General Kingsbury and son have been in Ukiah for several days, the surveyor general coming here to conduct the sale of school lands in this county, which takes place this morning.

Mr. Kingsbury, who lives in the southern part of the state, expressed himself as delighted with the opportunity to visit the mountain counties.

APPLY FOR LICENSE

An application for a marriage license was received by County Clerk Prather Wednesday from Archie Kemppe and Claire Biaggi, both prominent residents of Fort Bragg.

The necessary affidavit blanks were forwarded by the clerk, and it is presumed that two hearts will soon beat as one and two souls will be with but a single thought.

Mrs. W. F. Fuller, of Fort Bragg, was in Ukiah last Saturday to attend the meeting of the probation committee, of which she is a member.

HOT CONTEST LOOMS OVER HOPLAND CONSTABLESHIP

With J. W. Stutsman and Sidney Dale, both of Hopland, already in the race for the constableship, and the rumor of two or three more entries possible, the prospects are good for a real, honest to goodness political fight in Sanel township. Sanel takes her politics very seriously and the situation already assures a spirited fight at the primary without further entries to complicate it more.

GRAND JURY IN SESSION

The grand jury has been in session all week and will probably not complete their labors until today or tomorrow. It is stated that over twenty cases have been presented for indictment by them, most of which are bootleg cases.

This will wind up the jury's duties for the year and they will be dismissed at the conclusion of their session this week.

P. H. Joseph and family returned Wednesday from a short motor trip to San Francisco.

MARKET REPORT

The market report issued by the state and federal livestock bureau last Tuesday, is as follows:

CATTLE: The outstanding feature of the week was the liberal supplies of lambs and lower grade cattle which are barely steady while best grass steers worked somewhat higher. The bulk of the cattle came from California and consisted of steers in the main which weighed out under 100 lbs. and were considered only steady with a weakened dressed beef market at the close. Early in the week several loads of fairly well covered steers from northern California brought $8.50-$8.75 but most operators now consider these out of line and are generally unwilling to keep up the standard set, however, it is doubtful if anything grading fat can be bought much under $7.00 f. o. b. shipping point. The bulk of receipts have been of medium and common grades and prices are exceedingly weak on this class of material principally on account of liberal offerings. Two loads of uniform half fat steers averaging 920 lbs. cost $7.50-$7.60 which were suitable for "shop" purposes and a number of other four car shipments were handled to original owner's account and estimated to net $7.00-$7.50 when final accounting was made. Country offerings on this material both alive and dressed to the city market is making it difficult for packers to maintain their trade. Numerous loads of common steers brought $4.00-$5.00. Cows show practically no change from the past few weeks with only a few loads making $5.00-$5.25 and the bulk of arrivals were of low grade quality. Several concerns are handling this material from their ranches so that coolers were generally well supplied with cow beef. Offerings of cows from drought stricken districts still continue. A few cars of medium cows realized $3.50-$4.00 and drought stricken kinds $1.75-$3.00 for sausage. Bulls are steady with a few light fleshed kinds at $3.00.

CALVES: The calf market this week has been steady on the good and choice light weight kinds but weak on medium and common kinds and heavy veal. A few loads of 150-160 lb. medium brought $7.50 with numerous loads around 250 lbs. from owners' ranches. Heavy calves up to 300 lbs. brought $5.50.

HOGS: Compared to a week ago the hog market is steady with the bulk of the hard grain fed Californias costing around $8.50-$8.75 for the 150-200 lb. weights while the medium weight butchers were taken at $7.25-$8.25. Several loads of choice Colorados and Nebraskas brought $8.50-$8.70 and a load of 90 lb. stockers which should have been fed scored $4.00.

SHEEP: When compared to last week lambs are weak with a number of the larger concerns well supplied for the next ten days on account of two intervening holidays. Country offerings continue liberal and the extreme top on choice lambs is $11.00. Most of the lambs have been costing $10.50-$11.00 and are a little heavy for the local trade territory since eastern dressed shipments have been discontinued. Sheared spring lambs scored $9.00-$9.50 and graded only medium. All classes and grades of mutton are weak only a few part loads of 90 lb. yearlings scoring $6.50. Good shorn ewes averaging 110 lbs. around $4.50 and aged wethers averaging 100 lbs. $5.35. About 310 cars of dressed lambs have been sent east approximating 190,000 head from four leading state markets which compares with 275,800 alive a year ago up to June 15.

HOLDERS OF TELEPHONE STOCK NUMBER 300,000

The registered shareholders of the American Telephone and Telegraph Company have now passed the 300,000 mark which is a gain of more than 19,000 over the number on December 31 last. The total gain for 1923 was 32,224.

No other American corporation has so large a number of stockholders. The number has grown from 7,500 in 1900 to 40,400 in 1910, to 139,400 in 1920, and now it is more than 300,000. In the short space of three years the number has more than doubled. This stock is all held in America, with the exception of about 1 per cent, so that in every sense of the word it is truly an American corporation.

New Ambition For Nervous People

The great nerve tonic that will put vigor, vim, and vitality into nervous, tired out, all in, despondent people in a few days is the celebrated Prunitone.

Anyone can buy a bottle, it is inexpensive, and E. B. Gibson sells Prunitone in such large quantities, that it proves that it is a remedy of unusual merit.

Thousands praise it for general debility, nervous prostration, mental depression and unstrung nerves, caused by overindulgence in alcohol, tobacco, or overwork of any kind.

As a brain food or for any affliction of the nervous system Prunitone is unsurpassed, while for hysteria, trembling and neuralagia it is simply splendid. Mail orders filled for out of town customers.

What Can Chiropractic Do For Me ?

R. S. BLEND, D. C.

The answer is simple: If the CAUSE of your trouble is Nerve Pressure, and the chances are that it is, Chiropractic Vertebral Adjustments, given by a competent chiropractor with the bare hands alone, will relieve this pressure. The effect of this pressure is to impede the normal flow of Vital Force to all the organs of the body. This then gives rise to another effect, called disease. When the cause is removed the EFFECT disappears; for, without CAUSE, there can be no EFFECT.

If Chiropractic had not really afforded relief to hundreds of thousands of sick and suffering men and women during the last twenty-five years, the Searchlight would long ago have revealed that fact, and Chiropractic would have died by the wayside.

On the contrary, Chiropractic is now STRONGER than it ever was. Publicity has strengthened it instead of weakening it, and above everything else, this wonderful Drugless Health Science is for YOU and YOUR family.

Investigate at once. Do not delay. Every day you delay means that much longer for you to regain your health. Consultation and Spinal Analysis Free.

We make the correction gladly.

LOGGING CAMPS CLOSE

C. B. Mallory's camp on the main river and Lester Mallory's camp on Valentine creek closed this week, throwing a number of woodsmen out of employment. With the upper river already full of logs held up because of a lack of freshet conditions the past winter and spring, and no opportunity to move them until another rainy season it was concluded to suspend operations during the summer. Added to this is the general uncertainty of the lumber market which has caused the closing of many interior and northern mills. —Mendocino Beacon.

FARM BUREAU NOTES

GRASSHOPPERS BECOMING A NUISANCE IN MENDOCINO COUNTY

By S. C. Myszka, Farm Advisor

Although more or less injury to general field crops, and particularly to orchard and vineyard plantings, takes place in Mendocino county every year, this injury is generally augmented during favorable dry seasons. The natural conditions in Mendocino county are such that outbreaks may be expected any time, as the immense uncultivated areas of the mountains, foot hills and grass lands offer many varying favorable conditions for the development of this pest.

Due to the character of the past few seasons, development of this insect has been much favored and is responsible for the occurrence of great numbers of hoppers in grain fields and foot hill areas this year. The early drying of the range vegetation during May and June may be responsible for a heavy migration of hoppers into the valleys. Considerable damage may result to adjacent vineyards and orchards as the hoppers in their search for green food may infest plantings and completely defoliate the growth before being noticed. Many growers are already sustaining damages due to this insect and serious losses may result unless careful watch is kept for its appearance.

Grasshoppers may be controlled before entrance into an orchard by the use of a poisoned bait. Bran furnishes a convenient vehicle for carrying the poison and may be made as follows:

Paris green or white arsenic	1 lb.
Molasses—cheap blackstrap	2 qts.
Lemons	6
Water	about 3½ gals.
Wheat bran	25 lbs.

(This amount should be sufficient to cover 5 acres.)

Mix above materials as follows: stir thoroughly the poison, molasses and water, first. Grind or chop finely the lemons, including rinds, and add this to the poisoned liquid. Then slowly pour this over the bran, stirring thoroughly, until an even mixture is secured. The amount of water to use will depend upon the coarseness of the bran. A fairly moist mash is preferable to a wet one and furnishes a much more attractive bait. The bran is moist enough when a small quantity firmly squeezed in the hand allows a little moisture to be pressed out so as to collect on the fingers.

The poisoned bran should be spread while wet and not later than one day after it is prepared, as it ferments rapidly in hot weather. The mixture may be spread by hand from a bucket and should be scattered as thinly as possible, either in the early morning or evening when feeding takes place.

The bait should be spread along fences, ditch banks, grain fields and foot hill areas adjacent to horticultural plantings. The insects having once gained entrance into an orchard or vineyard are difficult to induce to take the poisoned bait, and, therefore, should be killed before reaching such plantings.

Where infestations occur in orchards, young trees and vines may be advantageously sprayed with lead arsenate, using 6 lbs. to 100 gals. of water. Some good spreader, as kayso, should be included in order to stick the poison to the foliage.

Detailed information concerning the control of grasshoppers may be had by applying for the same at the Farm Advisor's office or the office of the County Horticultural Commissioner.

SERIES OF BURGLARIES ROUSE LOCAL OFFICIALS

(Continued from page 1)

That evening he sauntered by the shop and noticed that Mr. Edwards was at work, and, it is presumed, got his companion to go with him to the house. The second man is described as being young, clean shaven and about five feet seven or eight. They were noticed going into the back yard of the Edwards home at about dusk by Mrs. Edward Eversole, who lives in the adjoining house. She became alarmed, as the Edwards's were absent, and notified neighbors. Some time elapsed from the time they were first seen until Bish Davidson came along with his truck. He drove into the back yard and turned his lights all over the place, but nothing further was seen of the two men. Mr. and Mrs. Edwards made a search of the house after they came home, but nothing appeared to have been disturbed, so it is surmised that the visitors went over the back fence when the hunt got too hot for them.

These happenings, together with the burglary of the Dyberg dental office and one or two other similar affairs, have emphasized the necessity of locking doors at night or when leaving home.

Peace officers are keeping a close tab on several suspicious characters, but it is difficult to watch them all at this season, when so many are drifting through.

IT WAS FOR THE BEST

"It was all for the best, anyhow," said Clyde Brewer, when he was forced to return home yesterday morning after two hours of what was intended for a two weeks' vacation. "When I got back I found the horses had broken into the yard and if I hadn't had to go back they would have done a lot of damage. So it was all for the best."

Brewer and Walter Brown left at four o'clock yesterday morning for Eureka in Brown's Jew Cadillac. They got halfway to Willits and found the motor almost red hot, so had to come back. They got the motor and Brewer's fence fixed and left again about eight o'clock.

So it was all for the best.

Why pay tribute to a superstition?

ZEROLENE-LUBRICATED CARS WIN SIX OUT OF SEVEN YOSEMITE ECONOMY RUN TROPHIES

Does Zerolene "stand up"? The drivers of the four cars that won six of the seven trophies in the 1924 Los Angeles-Camp Curry (Yosemite) Economy Run say so.

Of the five Zerolene-lubricated cars entered in the race, four carried off prizes, including the sweepstakes won by the Overland, model 92. Six of the seven trophies offered went to cars using Zerolene. And incidentally, the oil consumption recorded by the official checks was remarkably small.

The sweepstakes winner writes:

"In spite of the intense heat to which the motor was subjected, when the ultimate check was made I found greatly to my surprise that the gauge showed absolutely no use of oil whatsoever. I attribute my success in winning the 1924 Yosemite Economy Sweepstakes greatly to the use of Zerolene in the motor and Red Crown gasoline in the tank."—Joe Bozzani.

Isn't it time to dismiss forever the superstition that there is something mysteriously "better" about eastern oils, merely because they cost more and are made in the East? Experienced drivers, out to make economy records, don't share that superstition—why should you?

Insist on Zerolene—a better oil—even if it does cost less.

An Epic of West Is James Cruze's Fine Production

"The Covered Wagon" Bristles With Dramatic Scenes That Thrill

A magnificent epic of the early west is James Cruze's Paramount production, "The Covered Wagon," which will be the feature at the State theatre Thursday, Friday and Saturday, July 3-4-5. This is a picturization of Emerson Hough's new novel of the same name, and it is said to be one of the greatest photoplays ever seen on the screen.

The features embraced in this story are many and varied and include among others, the start of 350 covered wagons from Westport Landing (now Kansas City), in 1848. The terrors of fording freshet rivers, prairie fires and the like are depicted with great realism. A buffalo hunt is one of the most exciting scenes. Old Fort Bridger with a night attack and fight by day with Indians, are shown. The dividing of the trails to Oregon and California at old Fort Hall, a touch of the gold fever in California, magnificent mountain shots and a culmination of the romance with the establishment of one of the first homesteads in Oregon—these are all incidents in a picture that bristles with big scenes.

Such historical characters as Kit Carson, Jim Bridger and Bill Jackson, scouts and typical western characters, are portrayed in the Paramount screen version of the novel, which is conceded to be one of the most notable literary achievements of the present decade.

The various roles are in the hands of such well known screen players as J. Warren Kerrigan, Lois Wilson, Alan Hale, Ernest Torrence, Tully Marshall, Ethel Wales, Charles Ogle and John Fox.

Don't forget that Ukiah's popular playhouse will be the only theatre in Mendocino or Lake county to play this attraction this season at popular prices. Adults 99c, children 25c, tax included.

Print the News and Tell the Truth

By J. B. SANFORD

SAN FRANCISCO, Cal., June 25.—The eyes of the nation are turned toward New York this week as the hosts of Democracy are in session there. It is going to be a lively week for Democrats can make things very lively when they get into a scrap with each other. A Democrat is a queer animal; he cannot be bossed or lead. He is as independent as a hog on ice and will have his own way or bust things up. Each delegate thinks he is one of the biggest men in the nation and no "boss" is going to "program" him.

* * * * *

As a Democrat is so self assertive, the donkey has been chosen as the emblem from the animal world to represent the Democratic party; and a Democrat can beat a donkey kicking, so the donkey is always pictured as representing the Democratic party. Republicans are more placid and take things and orders easy. The elephant, a slow going animal, is chosen by humorists and cartoonists to represent the Republican party.

* * * * *

The donkey is in full sway at New York this week and will make an effort to show the difference between Nw York and Cleveland. From present indications it will equal the Baltimore convention of 1912. In 1912 at Baltimore, Champ Clark and Woodrow Wilson were the big contesting candidates, with several favorite sons in the background. At New York this year, McAdoo and Governor Al Smith, of New York, are the leading candidates, with about 15 favorite son governors from as many different states, with lightning rods up hoping that the lightning might come their way.

* * * * *

McAdoo has the lead at New York and it will be hard to stop him unless some big monkey wrenches are thrown into his machine. Al Smith is the next man in the race. Shrewd political observers do not think that Smith can land the prize. Then who is the dark "horse?" That's the question that is bothering every delegate and boss at Madison Square Garden. In 1912, the opposition to Champ Clark coalesced on Woodrow Wilson, a very big man nationally with a brilliant future before him. There is no Woodrow Wilson as an opposition candidate for the Anti-McAdoo forces to unite on and everything is up in the air. If there were an outstanding caindidate for the Anti-McAdoo forces to get behind, there might be a chance to beat McAdoo just as Clark was disposed of in 1912. No governor today stands out as Governor Wilson did twelve years ago.

* * * * *

There are said to be three big questions to bother the delegates—the two-thirds rule, the klan, and the prohibition question. If McAdoo can have his friends abrogate the two-thirds rule, why McAdoo will be nominated; otherwise the matter is in doubt from present appearances. The klan question will be smoothed out, as the Republicans did, without mentioning the name specifically. The prohibition question will be passed over without a skirmish. The 18th amendment is as firm a part of the constitution as the slavery question and no party dare urge its repeal. It is settled. The skirmish around light wines and beers promises to be just a skirmish, that's all. The convention "dassent;" candidates and delegates are afraid of the woman vote and they want to win. While every delegate, or nearly every delegate except Bryan, would like to have a little "nip" on the quiet, they will have to get along for the next four years with their present bootleggers.

* * * * *

The convention seems enthusiastic with the hope of success. In fact the air is surcharged with success and every Democratic governor in the union would like the political lightning to strike him. If McAdoo cannot land and starts down the toboggan, keep your eye on William Jennings Bryan. He would have slipped in in 1912 had not Wilson been such an outstanding candidate. Bryan has run three times. Henry Clay ran as many times. Bryan desires to break the record and get the nomination, and he firmly believes he can win the election.

* * * * *

He is yet a great power on the platform and things may so shape themselves that he can with another "crown of thorns and cross of gold" speech stampede the convention. Underwood seems to be out of the running and he was in 1912. Carter Glass, of Virginia, looms in the background. Governor Charles W. Bryan, of Nebraska, has hopes; but if any Bryan is named it will be William Jennings. Some very able men have been suggested, but no outstanding figure seems near enough to stampede things. John W. Davis, of West Virginia, ambassador to Great Britain during the Wilson administration, is probably the ablest diplomat and lawyer in the United States, but he has the opposition of W. J. Bryan and may not be able to bust into the fight in case McAdoo falls down.

* * * * *

If Bryan can dispose of all the candidates by a process of elimination, he can win the prize. The convention will tell its own tale and may have told it by the time this article is in print.

PROPER USE OF GAS STOVE

For Best Results Burners Must Be Kept Clean and in Good Condition—Have Clear Flame.

For good results in using a gas stove keep the burners clean and in good condition, and adjust the air shutters properly, advises the United States Department of Agriculture. The flame should be clear, blue and of uniform height. The screw on the air shutter can be adjusted easily with a screwdriver. The flame should be long enough to reach the bottom of the saucepan, but not so long that it will reach its side. The burner
